

Client Relationship Summary – Form CRS

Is an Investment Advisory Account Right for You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you.

Item 1. Introduction

Teeples Wealth Management, LLC (“TWM”, “Firm”, “We”, “Us”, “Our”) is an SEC registered investment advisor and provides advisory services for a fee rather than for brokerage commissions. As a retail investor, it is important to understand the differences between services and fees of an investment advisor and a broker-dealer. *Investor.gov/CRS* offers free and simple tools to research firms and financial professionals. Additionally, it also provides educational materials about broker-dealers, investment advisors, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer the following investment advisory services to you:

Asset Management and Assets Held Away: We will offer you advice on a regular basis. We will discuss your investment goals, design with you a strategy to achieve your investment goals, and regularly monitor your account. We will monitor your account on a discretionary basis (we can buy and sell investments in your account without asking you in advance) and/or a non-discretionary basis (you make the ultimate decision regarding the purchase or sale of investments). We do not limit advisors to proprietary products or a limited menu of products and types of investments. This service will continue pursuant to the terms of the executed Advisory Agreement. We do not have a minimum to open an account.

Financial Planning: Services will be provided to you based on your selection on the Advisory Agreement and may include, but are not limited to, a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans that have recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations. Depending upon the service you choose, services will be considered complete upon delivery of the plan. Or recommendations will be made periodically on an ongoing basis until terminated by either party.

Referral Services: We recommend the services of Third-Party Money Manager(s) (“TPM”) to manage your account(s). We act as the liaison between you and the TPM in return for an ongoing portion of the advisor fees charged by the TPM. We help you complete the necessary paperwork of the TPM, provide ongoing services to you, and will provide the TPM with any changes in your status as you provide them to us. We will deliver the Form ADV Part 2, Privacy Notice and Referral Disclosure Statement of the TPM. We do not have discretion on these accounts.

ERISA Services: We serve as a limited scope ERISA 3(21) Fiduciary that can advise, help and assist plan sponsors with their investment decisions on a non-discretionary basis. Plans are monitored on an ongoing basis. We have a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan, though using us can help the plan sponsor delegate liability by following a diligent process.

Non-ERISA Plan Services: We provide services to businesses for Non-ERISA qualified retirement plans. These services may include but are not limited to: assist/educate employer on SIMPLE design options & completion of Form 5035, assist employer on notices to employees regarding matches and plan specifics, assistance to employees on opening retail accounts, one-time education to employees on retail trading platforms and other miscellaneous consulting services.

Additional Information

For more information about our services, we recommended reading our ADV Part 2A Items 4, 5, 10.

Conversation Starters

“Given my financial situation, should I choose an investment advisory service? Why or why not?”

“How will you choose investments to recommend to me?”

“What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?”

Item 3. Fees, Costs, Conflicts and Standard of Conduct

What fees will I pay?

We are paid for our services as follows:

Asset Management: The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee reduces the value of your account and will be generally deducted from your account. Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as “surrender charges” to sell the investment. Fees are billed quarterly in advance. Our fees vary and are negotiable. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. You may also pay a transaction fee when we buy and sell an investment for you. You will also pay fees to a broker-dealer or bank that will hold your assets (called “custody”). You pay our advisory fee even if there were not transactions within the account.

Financial Planning: We charge an hourly or fixed fee. Payments for ongoing services are payable quarterly in advance and limited scope fees are due upon execution of the agreement.

ERISA Services: The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee reduces the value of your account and will be generally deducted from your account. Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as “surrender charges” to sell the investment. Our fees vary and are negotiable. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. In some circumstances, we may charge you a fixed fee for our services rather than a percentage of assets in the Plan. You may also pay a transaction fee when we buy and sell an investment for you. You will also pay fees to a broker-dealer or bank that will hold your assets (called “custody”). You pay our advisory fee even if there were not transactions within the account.

Non-ERISA Plan Services: Fees are based on an hourly rate and due upon execution of the agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information regarding our fees and costs, review ADV Part 2A Item 5.

Conversation Starters

“Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Conversation Starters

“How might your conflicts of interest affect me, and how will you address them?”

Additional Information

For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

How do your financial professionals make money?

Our financial services professionals are compensated based on a percentage of assets they manage personally or from an IAR they manage and a base salary.

This is a conflict of interest because our financial professionals have an incentive to encourage you to increase your assets in your accounts, that result in additional compensation to them. For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

Item 4. Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No, please visit [Investor.gov/CRS](https://www.investor.gov/CRS) for a free and simple search tool to research us and our financial professionals.

Conversation Starters

“As a financial professional, do you have any disciplinary history? For what type of conduct?”

Item 5. Additional Information

To find additional information about us and to request a copy of the *relationship summary*, please go to www.teeplewelath.com or send us an email at info@teeplewealth.com. If you would like to request up-to-date information as well as to request a copy of the relationship summary, please contact us via phone at 317-350-4225.

Conversation Starters

“Who is my primary contact person? Is he or she a representative of an investment advisor or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?”
